

ADMINISTRATIVE POLICY**Closeout of Externally Sponsored Awards Policy****Effective as of:**
April 2023

Approval Authority:	Vice Chancellor For Finance
Responsible Administrator:	Controller
Responsible Office:	Finance
Policy Contact:	Senior Director, Research Finance

POLICY STATEMENT

This Closeout of Sponsored Award Policy ensures that Vanderbilt University completes the required closeout process in a timely and accurate manner for our externally funded contracts and grants. Federal sponsors generally require awards to be closed out within a 90 day window and any required federal reports to be submitted. Some non-federal agencies may have shorter windows of time to submit closeout materials.

Vanderbilt expects that the resources with which it is entrusted are managed in a timely and responsible fashion, and in accordance with the applicable federal and non-federal regulations for sponsored contract and grant awards.

REASON FOR POLICY

The intent of this policy is to streamline the process for closing out expired awards and to ensure good stewardship of Vanderbilt's externally sponsored awards as well as ensuring and enhancing compliance with the Uniform Guidance and sponsor guidelines. Timely closeouts of sponsored awards improves the University's cash flow and reduces the risk of delay, loss, reduction or withholding of future funding from sponsors.

POLICY SCOPE

All externally sponsored grants, contracts, cooperative agreements, traineeships, etc. are subject to this closeout policy. Subcontracts from other entities (universities, local government units, states, etc.) which are funded by federal agencies are subject to the same regulations as federally-sponsored awards made directly to Vanderbilt. Drug studies and fixed price contracts may have greater flexibility. You may contact Research Finance if you have any questions related to closing out a sponsored award.

This policy should be understood by all University employees responsible for managing and overseeing externally sponsored awards, including Principal Investigators (PIs), Grant Managers, Departmental Managers and appropriate Dean's office personnel.

POLICY

All closeouts on externally sponsored awards should be completed within 90 days of the end date (or sooner if required by sponsor). Any cost transfers needed to support the final numbers for the final financial report to the sponsor, should be done in a timely manner and in compliance with the Cost Transfer on Federally-Sponsored Awards Policy and the VU Retroactive Reallocation of Costs Policy.

Departments should submit a closeout request to RF with sufficient information for the award to be officially closed out and to submit any required final financial reports to the sponsor. Implicit with the submission of the closeout package, the department is affirming that any requested changes are appropriate expenditures for the externally sponsored award and the final amount to be reported to the sponsor agrees with the institution's financial system. See the [Procedures](#) document for specific requirements.

DEFINITIONS

Award Closeout - For the purposes of this policy, an award closeout is defined as the steps needed to be performed to officially close down an expired, externally sponsored award during a defined period of time after the end date.

PROCEDURES

Procedures to request and process the closeout of an externally sponsored award are outlined <https://finance.vanderbilt.edu/researchfinance/vupolicies.php>.
